Dec 6th 01

Dear Williams

Another company is to go out in addition to the one just ready to start. Though Major Bain wishes to have the officers and N.C.O.'s left open as far as possible, it is better that one officer should be appointed here to take them out and I shall be very pleased to recommend you should you like to go and would recommend you as Lieutenant which I think would go through.

Please let me know by Tuesday if you will go if you possible can.

Yours truly
R. Siskin?
